2021 WEF GRANTS RECEIVED

Westfield Education Foundation received a \$45,000 grant from United Way/LEI - The Central Indiana COVID-19 Community Economic Relief Fund (C-CERF). Hamilton County School districts were awarded a total of \$300,000 from United Way of Central Indiana (UWCI). WEF received \$45,000 and funds went toward developmental disabilities preschool, English learners engagement, summer camp, youth assistance, and swim lessons at the YMCA.

#Life-Skills

Student and Family Engagement were the key focus of how we directed funds received from the C-Cerf Grant. Through engagement, we were able to create programs and opportunities that focused on our students' wellbeing.

We understood the strains caused by COVID and isolation. Funds were divided into 6 buckets (Developmental Disabilities Preschool, Traveling Teachers, English Language Learners, Westfield Youth Assistance in support of Camps, Westfield Washington Schools in support of Camps, YMCA Swim Lessons). We have 8865 students at WWS. All 8865 were able to receive some form of support from the grant. Additional programs were made available to those that were uninsured, underinsured, linguistically diverse, and economically disadvantaged. Often programs not only supported our students but our families as well.

The timing of the C-Cerf grant was phenomenal. Our Traveling Teacher fund allowed principals to host multiple outdoor gatherings, offer extra tutoring, reconnect with families, and build leaders. Partnered with Westfield Youth Assistance to send 72 youth to camp/enrichment programs. 100% of these students were free & reduced. In support of our findings that our Hispanic and non-English Speaking students were feeling less connected than peers, we hired staff and created events. We provided swim lessons in June and July for 27 youth. Hosted swim camp for Student Impact. And provided swim supplies and transportation for students that needed the assistance. These funds broke the barriers created for families. All 27 of the youth were free/reduced eligible. Our Development Disabilities Preschool program connected students who missed out on supports/enrichments due to COVID.

2021 WEF GRANTS RECEIVED

Indiana Youth Institute awarded the WEF two \$2500 grants. The first grant supports Family Engagement for the 2021-2022 academic year. The second grant was in support of College and Career Readiness at Westfield High School. Funds will be used to create a career pathways booklet.

Indiana Youth Institute awarded the WEF two \$1000 grants. IYI understands the importance of supporting our community. The grant awarded supported Shamrock Community Resource Boards. Boards can be found at all WWS schools and Westfield Parks. The boards use QR technology to help meet the needs of your family.

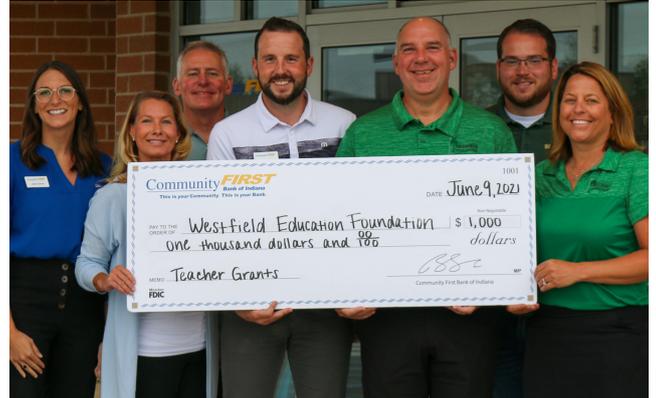

Duke-Energy awarded the WEF \$10,000 toward the Workforce Grant at Westfield High School.

Mr. Dean & Mrs. Jean Dolbee made a generous donation to Westfield High School Shamrock Robotics club. Do you have a program or club that you connected with while in High School?

TEACHER GRANTS

Thanks to our community support & partners (Performance Services & Community First Bank of Indiana) the WEF was able to award \$11,880.74 in teacher grants! Our 2021 Grant cycle received over 40 applications. Become a community partner today!

BOARD MEMBER APPRECIATION

20 years of service is something to celebrate! On 12.8.21 we honored Duane Lutz for his dedication and service to Westfield Washington Schools through his tenure on the Westfield Education Foundation. Duane served from 2001-2021.
